SB 179 – OPPOSE  
Rachel Boyd  
Butte, Montana

SENATE JUDICIARY  
Exhibit No. 10  
Date 1/30/15  
Bill No. SB 179

#### Sexual Orientation – Black's Law Dictionary

A "person's predisposition or inclination toward a particular type of sexual activity or behavior; heterosexuality, homosexuality, or bisexuality." Note: Attachment constitutes many types of sexual orientation.

Senate Bill 179 legally fails to define Sexual Orientation leaving the term legally vague. The definition proposed in the bill, Section, 49-1-102 (b) "Sexual orientation" exclusively means actual or perceived heterosexuality, bisexuality, or homosexuality", is a stated definition on the National Human Rights website. But the legal definition of sexual orientation according to Black's Law Dictionary is, A "person's predisposition or inclination toward a particular type of sexual activity or behavior; heterosexuality, homosexuality, or bisexuality." Sexual orientation is a loaded term. I've provided an attachment of up to 40 terms. Pedophilia is a sexual orientation. It doesn't make sense to protect "sexual orientation" when the conduct that is part of the orientation is, or may be, criminalized.

#### Section 2, 49-2-203(d)(2)

Would result in curtailing the religious freedom of institutions that wish to hire persons of faith to provide services. The requirement of strictly construing exceptions would be burdensome for religious organizations and most certainly would result in litigation.

#### Section 3, 49-2-304

The public accommodations section would likely be used against religious-based businesses, such as Christian bookstores.

#### Section 6, 49-2-307

Provides no exception for religious schools in its prohibition of discrimination in admission.

#### Section 7, 49-2-308

This section opens the state to unnecessary liability for lawsuits. Nearly every person who loses a job or fails to get a promotion thinks it is unfair. When they have a characteristic that gets special protection under the law, they sue.

#### Section 15, 49-3-206

This section would discriminate against Christian schools or charities by prohibiting them from receiving any state funds if they follow biblical principles.

#### Section 16, 49-3-207

Would violate the interstate commerce clause by purporting to control the employment practices everywhere of anyone that contracts with the state.
